TERMS FOR THE COURSE.

The new arrangement under which the Franklin Bank s to receive on deposite the Railroad Orders, commenced

yesterday. A large number of accounts were opened during the day, and the officers of the Bank were incessent if emigde from nine. A M, until three P. M. in receiving deposites. The arrangement is one which has the warm support of the citizens generally, and resolutions specially piedging that support were passed in every ward of the city, at the meetings held on Friday night. The measure of allowing fire per cent interest on deposites remaining in bank a month or more, will doubtless have the effect of materially reducing the amount of Orders in circulation, and causing an appreciation of the value of those which are affect.

The rate of discount ranged yesterdey from 54 to 64 per cent. ms of Membership \$2, payable in advance.
